Subject: IWF questions and concerns, FW: Commissary Menu
Attachments: Commissary Menu as of 8-18-15.pdf

Dear Judge Cordell,

I am passing on a commissary list that I asked Liza Capulong, Management Analyst for the Sheriff's department to send me. It's informative to see what's charged to detainees (well, actually it's their families that provide the funds), a portion of which goes to the Inmate Welfare Fund. Some things are quite high - \$5.50 for a package of 8 tortillas, \$4.00 for 4 oz of tuna, \$1 for ramen noodles that cost less than a quarter in grocery stores, etc. Also, since only indigent detainees are provided with free hygiene items such as soap, shampoo, and toothpaste, or a free stationary kit (envelopes, some paper and a few stamps) families are also providing funds for their loved ones to have those items, in addition to paying for phone time. I am not sure what the basis for determining "indigent" is. However, I think you can see that if a family were to put say, \$20 a week on someone's books, it wouldn't go very far. The fee for placing money on the books from a computer is \$5.90. The fee for depositing funds in the machine in the lobby of the jail is \$3.00. Of course, many families cannot afford to put money in for commissary items or for phones.

Although the cost of commissary items here is probably similar to what other vendors charge in other counties, I continue to be disturbed that the amount our county has received in revenue from this for the Inmate Welfare Fund - 3.7 million dollars - does not result in programs that benefit inmates or their families in many areas of our jails, and that more than half the funds are spent on salaries. In MJN and MJS, only 2 of the 14 programs funded by the IWF are available, and yet thousands of families with loved ones in MJN and MJS contribute to this fund via the phones and the commissary costs. The vast majority of programs are at Elmwood, mainly for lower level security detainees. Also, the audit conducted called for our county to find a way to increase IWF revenues from non-commissary and non-telephone sources by at least 6.8%, up from its current 1.5%. The recommendations stated that 8.3% of revenue from sources other than commission on commissary and phones was the average found in comparable counties. I understood at the last meeting that the IWF committee is looking into some alternatives to increase revenue such as increasing advertisements, and I would like a projection as to when the 8.3% goal will be met and how, beyond increasing advertising, the committee is proposing to meet it.

I would also like an update on how meaningful programs will be provided to all levels of inmates no matter where they are housed. The purpose of the IWF as I understand it, is to provide benefit to the inmates. To me that includes things like providing phone cards for those that cannot afford to place money on a phone line, increasing the availability of visitation, providing more funding for the needs of the Jail Observer Program, and increasing programming opportunities to all levels of detainees. Although families with loved ones at all levels of security contribute to the IWF via fees, many inmates sit, sometimes for years, with nothing at all to do. We have heard a proposal for a piolet of tablets, and I would like to know when that will be in place and when it will be avaiable to all inmates. I would also be interested in hearing any other proposals for increasing meaningful programming to everyone.

Personally, I don't feel we should wonder why the incidence of metal health problems in custody is high when we keep people in cells for 22 – 24 hours a day with nothing to occupy them. I hope progress is made toward more evenly distributing benefit from the IWF to all inmates.

Thank you,
Christine Clifford

Subject: Commissary Menu

Hi Christine,

Attached is the commissary list. Please note that this is NOT the menu that inmates get because some products are restricted based on housing unit, gender, or medical condition. The vendor hands out a different menu based on the restrictions so that inmates don't end up ordering something that they're not allowed to order.

Restriction Codes:

M = Not sold in 8A

E = Not sold in 8B and 8C

N = Not sold in Main Jail North

S = Not sold in Main Jail South

X = Not sold in M2 to M8

Y = Not sold in Special Housing

P = Not sold to pregnant inmates

W = Sold to women only

Regards,

Liza Capulong

Sr. Management Analyst

Office of the Sheriff

Chips & Snacks
